

ES\_UserActivityLabel.h

```
graph TD; A[ES_UserActivityLabel.h] --> B[Foundation/Foundation.h]; A --> C[CoreData/CoreData.h];
```

The diagram illustrates the header file dependencies for ES\_UserActivityLabel.h. It is a hierarchical structure where the top-level header file depends on two lower-level header files. The top-level header file is represented by a gray box, while the two lower-level header files are represented by white boxes. Two blue arrows point from the bottom of the top-level box to the top of each of the lower-level boxes, indicating the direction of the dependency.
