

UITableViewController

<SetTimeDelegate>

ES\_ActivityEventFeedback  
ViewController

```
graph BT; A[ES_ActivityEventFeedback ViewController] --> B[UITableViewController]; A --> C["<SetTimeDelegate>"]
```

The diagram illustrates the class hierarchy and protocol conformance for the `ES_ActivityEventFeedback ViewController`. This class, represented by a grey-shaded box, inherits from the `UITableViewController` class (white box) and conforms to the `<SetTimeDelegate>` protocol (white box). This is indicated by blue arrows pointing from the subclass box to both the superclass box and the protocol box.
